ESD coat, long design / ESD jacket, short design

Description

Unisex ESD coat / ESD jacket in a heavy-duty design. Due to the very close-meshed (3mm) carbon fiber grid, charges generated by clothes worn under the ESD coat / ESD jacket are being shielded efficient and reliable.

Technical specifications

Properties	Value	Methods / Standards
Static charge (friction test)	<100V (12%rF, 23°C)	
Resistance Point-to-Point	<1x10 ⁸ Ω (12%rF, 23°C)	IEC 61340-4-9
Composition	96% Polyester, 4% Carbon yarn	
Weight	165 g/m ²	

Remarques

- Sizes available: S – 2XL

- Laundry recommendation:
